PROFESSIONAL SUMMARY

Graduating Computer Science student at the University of Mindanao with internship experience in UI/UX design and hands-on projects in full-stack development and machine learning. Eager to contribute both design and development skills to a professional team.

EXPERIENCE

UI/UX Designer Intern

July 2025 - August 2025

Aquila Softwares Corporation, Davao City

- Independently designed the full UI/UX for five platform components Landing Page, Login/Registration, Module pages, Quiz tab, and Admin dashboard.
- Defined user flows and interface specifications for the Login/Registration system and Admin panel, covering access control, form validation, and content management layouts.
- Designed the Module and Quiz tab interfaces to deliver a structured, intuitive learning and evaluation experience for ministry members.

PROJECTS

DentaCare Clinic Management

- Architected a full-stack clinic management platform to centralize patient healthcare records and streamline administrative operations.
- Engineered a Role-Based Access Control (RBAC) system and secure JWT authentication for protected, role-specific dashboard access with real-time analytics.
- Integrated automated email notifications to reduce appointment no-shows and improve clinic scheduling efficiency

Enhanced ResNet50: Banana Leaf Disease Detection System

- Led end-to-end ML pipeline development including data augmentation, FP16 mixed-precision training, and Global Average Pooling optimization achieving 95.00% test accuracy on a 1,200-image dataset.
- Developed the Flask web interface for real-time image upload and diagnostic reporting, integrating the trained model for seamless frontend-to-backend inference.
- Collaborated with teammate on model benchmarking, resulting in 58.7% training time reduction and 33% faster inference speed in production.

EDUCATION

Bachelor of Science in Computer Science
University of Mindanao – 2022 – Present

SKILLS

Technical Skill

- Languages: HTML5, CSS3, JavaScript, TypeScript, PHP, Python, Java, Dart
- Frameworks & Libraries: Flutter, React, Next.js, Laravel, Node.js, Express.js, Flask, Spring Boot, Tailwind CSS
- Databases & Backend: MySQL, PostgreSQL, MongoDB, Firebase, Mongoose
- Security & Auth: JWT, Bcrypt.js
- Design & UI: Figma, Adobe Photoshop, Canva
- Tools & Platforms: Git, GitHub, Postman, Nodemailer, Trello, Notion, Jira

Soft Skills: Adaptability, Attention to Detail, Problem Solving, Time Management.

CERTIFICATION

- Information Technology Specialist in Databases - Certiport (2025)
- Information Technology Specialist in HTML and CSS - Certiport (2025)
